BlueCast Bluetooth Receiver for OutCast®

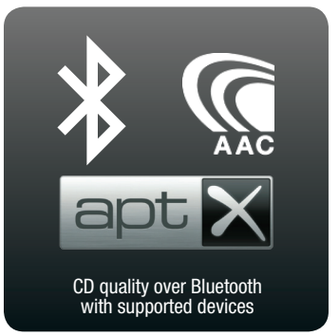

by SOUNDCAST®

- **Cutting edge** - Bluetooth aptX, AAC lossless quality audio
- **Simple to use** - one button pairing then let the music play
- **Custom** - fits perfectly into the OutCast's mini jack housing, maintaining weatherproof seal
- **Rechargeable** - versatile USB-based charging for 8-10 hours of playtime
- **Convenient** - Control your music from your phone or tablet

Add Bluetooth to any OutCast Speaker

The OutCast BlueCast makes it easier than ever to access your music. Simply dock the BlueCast Bluetooth Receiver into either the OutCast or OutCast Junior* to access your music on the go while maintaining weatherproof seal. Compatible with any Bluetooth audio source: iPhones, iPads, Android Phones, Windows Phones, tablets, netbooks and more.

You can stream music from your personal collection or a wide variety of Apps including Rhapsody®, TuneIn®, Pandora© and more. Control you music from your phone then return it to your pocket to get your boogie on.

Uses Bluetooth's most recent aptX, AAC specifications for the ultimate in audio in CD Quality audio now being offered by the latest cutting-edge phones and tablets. With BlueCast and OutCast, now anybody can be a DJ!

Give your OutCast even more flexibility by adding the convenience of popular Bluetooth capability.
