

# Amplificateur connecté Integrated amplifier with network PlayStream A5

**The Advance Playstream** app is downloadable for free on the AppStore for iOS and GooglePlay for Android devices. Our app controls MyMusic and network services.

## LE CENTRE NÉVRALGIQUE DE VOTRE SYSTÈME

Le PlayStream A5 est un amplificateur intégré connecté. D'une puissance de 2x80W/8Ω en classe AB, le A5 a été conçu dans le but ultime de satisfaire l'audiophile exigeant. Sa restitution sonore est sans compromis, compatible avec toutes les nouvelles sources haute définition. Le A5 intègre un lecteur de réseau ethernet et wifi incluant de nombreux services comme Spotify, Deezer, Qobuz, Tidal, Tuneln, iHeartRadio, vTuner, Napster, etc, il permet la lecture en réseau de votre bibliothèque musicale stockée sur votre smartphone, tablette, ordinateur ou disque réseau de type NAS (Synology). Un tuner numérique DAB+, un tuner FM, 4 entrées numériques dont une coaxiale et 3 optiques, une entrée USB ainsi que 6 entrées analogiques dont une entrée phono paramétrables équipent le PlayStream A5. Le PlayStream A5 est compatible avec nos récepteurs compatibles Bluetooth X-FTB01 et nouveau X-FTB02 intégrant l'aptX HD haute définition. Equipé du High-Bias, le PlayStream A5 délivre un son assimilable à de la classe A sur les premiers watts. Compatible DLNA et Airplay. A découvrir !

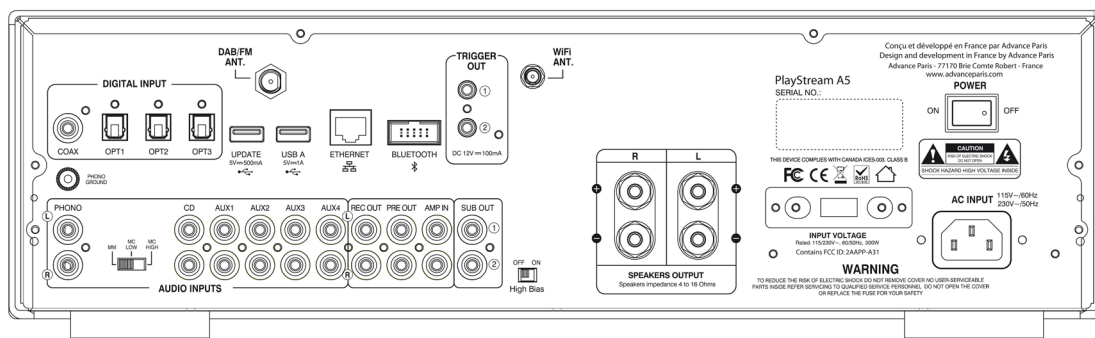

## THE CENTER OF YOUR SYSTEM

The PlayStream A5 is a connected integrated amplifier. With a power of 2x80W / 8Ω in class AB, the A5 was designed with the ultimate goal of satisfying the demanding audiophile. Its sound reproduction is uncompromising, compatible with all new high definition sources. The A5 integrates an ethernet and wifi network player including many services like Spotify, Deezer, Qobuz, Tidal, Tuneln, iHeartRadio, vTuner, Napster, etc., it allows network playback of your music library stored on your smartphone, tablet, computer or network drive such as NAS (Synology). A DAB + digital tuner, an FM tuner, 4 digital inputs including a coaxial and 3 optical, a USB input as well as 6 analog inputs including a configurable phono input equip the PlayStream A5.

The PlayStream A5 is compatible with our new Bluetooth compatible receivers X-FTB01 and X-FTB02 incorporating high definition HD aptX. Equipped with High-Bias, the PlayStream A5 delivers sound comparable to Class A on the first watts. DLNA and Airplay compatible. To discover !

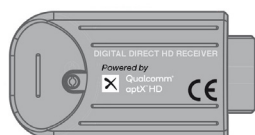

# SPECIFICATIONS

## X-FTB02 Bluetooth aptX HD receiver

The Playstream A5 is fully compatible with our direct path X-FTB01 or X-FTB02 (HD) Bluetooth receiver.
