CANTON

GLE 70 S2

The smallest floorstanding speakers in the large model range with a strong price-performance ratio are called GLE 70 S2. Although the speakers are visually restrained with their moderate cabinet dimensions, they impresses with a dynamic and mature sound image. Three technically superior Aluminum Titanium Black speaker drivers share the acoustic work on the baffle. The result is a unique Canton sound with deep bass, neutral midrange and detailed, finely resolved treble.
